

Material Safety Data Sheet

Fiebing Company, Inc., Milwaukee, WI 53204

Phone #: (414) 271 5011

Emergency Phone: 1 800 424 9300

Product Code:

Product Name: Prime Neatsfoot Oil Compound

Effective Date: Dec. 2003

Date Printed: 3.31.2002

MSDS#

1. Ingredients

<u>Name</u>	<u>CAS#</u>	<u>OSHA-PEL</u>	<u>ACGIH-TLV</u>	<u>%</u>
1. Severely hydrotreated Heavy naphthenic dist.	64742-52-5))	5 mg/m3 TWA	5 mg/m3 TWA*	> 25.0
2. Severely hydrotreated Light naphthenic dist.	64742-53-6))		10 mg/m3 STEL	> 25.0

* Oil mist, mineral

This document is prepared pursuant to the OSHA Hazard Communication Standard (29 CFR 1910.1200). In addition, other substances not 'Hazardous' per this OSHA Standard may be listed. Where proprietary ingredient shows, the identity may be made available as provided in this standard.

2. Physical And Chemical Properties

BOILING POINT:	> 550 Deg.F
VAPOR PRESSURE (MM HG)	< 0.1
VAPOR DENSITY(Air = 1)	Not available
EVAPORATION RATE:	Not available
VISCOSITY @ 40 DEG. C	20 CS
SOLUBILITY IN WATER:	Negligible
SPECIFIC GRAVITY (H2O=1):	0.888
APPEARANCE:	Slightly brownish liquid
ODOR:	Slight hydrocarbon odor

3. Fire And Explosion Hazard Data

FLASH POINT:	310 Deg.F
METHOD USED:	PMCC

FLAMMABLE LIMITS

LEL:	Not available
UEL:	Not available

EXTINGUISHING MEDIA: Use foam, dry chemical, CO₂ or water spray to extinguish fire. Do not use a direct stream of water. Product will float and can be reignited on surface of water.

SPECIAL FIRE FIGHTING PROCEDURES AND PRECAUTIONS: Material will not burn unless preheated. Do not enter confined fire-space without full bunker gear (helmet with face shield, bunker coats, gloves and rubber boots), including a positive-pressure NIOSH-approved self-contained breathing apparatus. Cool fire exposed containers with water.

4. Reactivity Data

STABILITY: Stable

(CONDITIONS TO AVOID): None known.

INCOMPATIBILITY (SPECIFIC MATERIALS TO AVOID): Avoid heat, open flames and strong oxidizing agents.

HAZARDOUS DECOMPOSITION PRODUCTS: Thermal decomposition products are highly dependent on the combustion conditions. A complex mixture of airborne solid, liquid, particulates and gases will evolve when this material undergoes pyrolysis or combustion. Carbon monoxide and other unidentified organic compounds may be formed upon combustion.

HAZARDOUS POLYMERIZATION: Will not occur.

5. Environmental And Disposal Information

ACTION TO TAKE FOR SPILLS/LEAKS: Prevent additional discharge of material, if possible to do so without hazard. Prevent liquid from entering sewers, watercourses, or low areas. If in public area, keep public away. Dike and contain. Using inert absorbent materials such as sand, clay or other suitable materials, remove and place the solid spill in designated containers for proper disposal. Flush area with water to remove trace residue.

DISPOSAL METHOD: Dispose of in accordance with Federal, State and Local regulations.

6. Health Hazard data

The health effects noted below are consistent with requirements under the OSHA Hazard Communication Standard (29 CFR 1910.1200)

EYE CONTACT: Based on testing of component 1, product is presumed to be non-irritating to the eyes.

SKIN CONTACT: Based on testing of component 1, product is presumed to be non-irritating to the skin. Frequent or prolonged contact may lead to various skin disorders such as Dermatitis, Oil acne or Folliculitis.

INGESTION: Minimally toxic. Based on testing of component 1, product is presumed to be no more than slightly toxic if swallowed.

INHALATION: Inhalation of vapors (generated at high temperatures only) or oil mist from this product may cause mild irritation of the upper respiratory tract.

MEDICAL CONDITIONS THAT CAN BE AGGRAVATED WHEN COMES IN CONTACT WITH THIS PRODUCT: Preexisting skin and respiratory disorders may be aggravated by exposure to this product.

OTHER HEALTH EFFECTS: This product and its components are not classified as carcinogens by International Agency for research on Cancer (IARC), National Toxicology Program (NTP) or Occupational Safety and Health Administration (OSHA).

7. First Aid

EYES: Flush eyes immediately with large amounts of water for at least 15 minutes. If irritation occurs, get medical attention.

SKIN: Wash with soap and water. Remove grossly contaminated clothing and launder before reuse. Obtain medical attention if irritation occurs.

INGESTION: If swallowed, do not induce vomiting. Keep at rest. In general, no treatment is necessary unless large quantities of product are ingested. However, get medical attention. Never give an unconscious person anything to drink. If conscious, have the person rinse his mouth with cold water. If unconscious and vomiting, turn the person on his side to avoid choking.

INHALATION: Remove victim to fresh air. Provide oxygen if breathing is difficult. Get medical attention.

NOTE TO PHYSICIAN: In general, Emesis Induction is unnecessary in high viscosity, low volatility products, i, e, most oils and greases.

8. Handling Procedure

EXPOSURE GUIDELINES: See Section (if any).

RESPIRATORY PROTECTION: If exposure may or does exceed Occupational Exposure Limits (see Section 1), NIOSH/MSHA approved respirators may be necessary to prevent overexposures from high vapor concentration if, for any reason, the product is used as mist/aerosol or heated.

SKIN PROTECTION: Wear impervious clothing, gloves to avoid contact.

EYE PROTECTION: Safety glasses.

9. Additional Information

SPECIAL PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE:
Minimize prolonged skin contact. Wash with soap and water before eating, drinking, smoking or using toilet facilities. Launder contaminated clothing before reuse. Properly dispose of contaminated leather articles, including shoes, that can not be decontaminated.

Store in a cool, well ventilated place away from incompatible materials. Keep away from open flames and high temperatures.

10. Transportation Requirements

DOT Classification: Not hazardous by D.O.T. Regulations.

11. Regulatory Information (Not meant to be all-inclusive. Selected regulations represented):

NOTICE: The information herein is presented in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with Federal, State or Provincial, and Local laws. The following specific information is made for the purpose of complying with numerous Federal, State or Provincial, and Local laws and regulations. See MSD Sheet for health and safety information.

EPA/TSCA Inventory: The components of this product are listed on the EPA/TSCA inventory of chemical substances.

SARA SECTION 313 NOTIFICATION:

This product does not contain toxic chemicals subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments And Reauthorization Act of 1986 and 40 CFR Part 372.
