

A Greener Approach to Cleaning up.

Minor shifts that lead to major change.

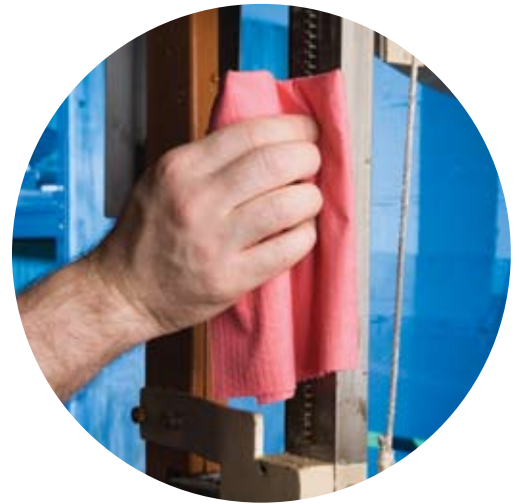

At KIMBERLY-CLARK PROFESSIONAL*, we strive for less waste, less consumption and more responsibility wherever possible. That's why we've made a commitment to exploring greener options across our entire family of products—including our high-quality 1/4 fold wiper options. By reducing the sheet size to cut back on waste, we've found one more way to reduce our impact on the environment without sacrificing product performance. That's greener thinking at work.

The Benefits Explained:

NEW! Eco-Friendly Packaging

Why develop responsible products if we package it in wrapping that harms the environment? With our new Eco-Friendly packaging, we've found a better way by repurposing and recycling to create a greener solution.

1,481,380
GALLON MILK JUGS
SAVED FROM LANDFILL
PER YEAR

Our Eco-Friendly packaging uses 20% post consumer recycled polymer in place of virgin polymer. In terms of the environment, this reduces our annual CO2 output by 252 metric tons, which is the equivalent to any one of the following:

**Minimum 20%
Post Consumer
Recycled Polymer**

44
CARS TAKEN OFF
THE ROAD

474
BARRELS OF
OIL SAVED

46
ACRES OF FOREST
PLANTED

Source Reduction

At KIMBERLY-CLARK PROFESSIONAL*, we're working smarter to become a more responsible manufacturer of environmentally minded products. We've cut back on waste through the entire manufacturing process by using less fiber, water, and energy per wiper.

With a 10% decrease in manufacturing material waste per wiper, the annual impact on our environment results in:

1,656 = **8,598**
TONS OF FIBER SAVED TREES SAVED

3,948,408 = **197**
GALLONS OF WATER SAVED EQUIVALENT (GALLONS)
BACK YARD SWIMMING POOLS

23.6 = **94,510**
ENERGY SAVED (BILLIONS BTU) EQUIVALENT BTU
HOME-DAY

Our Space-Saver* packaging saves you even more time and space with optimized handling, delivery and storage.

Here's a closer look at how we're reducing our footprint to offer you greater benefits:

- Reduced sheet size results in smaller cases and more cases per truckload.
- Easier handling of product, resulting in less time to unload orders and helps to minimize service hour unload penalty fees.
- Better utilization of valuable warehouse space
- Improved dock door utilization due to increased number of cases shipped per truck.

WYPALL* Wipers

Code	Description	Color	Material	Size (W x L)		Put-Up
				inches	centimeters	
41026	WYPALL* X80 Wipers  1/4 fold	White	HYDROKNIT*	12.5" x 13"	31.8cm x 33cm	4/50
