

Silicone II* KB Supreme

1 HOUR SHOWER-READY

KB Supreme cuts down waiting time dramatically – an hour is all it takes. Some caulk in the market requires users to wait a full day or longer before using the shower or the caulk will wash away.

10 YR MOLD-FREE PRODUCT PROTECTION

The mold-free product protection helps keep the caulk mold & mildew-free and looking clean for ten years, with regular cleaning. Other caulk in the market may claim some protection, but Silicone II KB Supreme is formulated for increased protection.

100% SILICONE IS 100% WATERPROOF

Caulk that keeps water out is a necessity in kitchen, bathroom and plumbing applications. For a long-lasting seal, **choose 100% silicone not acrylic caulk**, which can shrink and crack, leaving gaps for water to seep through. Those leaks can lead to **water damage and mold growth**.

WHY 100% SILICONE?

Silicone is **PERMANENTLY**:

- * **Waterproof**
- * **Flexible**
- * **Shrink / Crack Proof**
